

User Experience Questionnaire (UEQ)

This questionnaire evaluates your experience with the software [PyFCS_GUI](#).

The questionnaire consists of pairs of contrasting attributes that may apply to the product. The circles between the attributes represent gradations between the opposites. You can express your agreement with the attributes by ticking the circle that most closely reflects your impression.

- **1** means you completely agree with the adjective on the **left**;
- **7** means you completely agree with the adjective on the **right**.

Please decide spontaneously. Don't think too long about your decision to make sure that you convey your original impression.

Sometimes you may not be completely sure about your agreement with a particular attribute or you may find that the attribute does not apply completely to the particular product. Nevertheless, please tick a circle in every line. It is your personal opinion that counts. Please remember: there is no wrong or right answer!
